

**FIRE DETECTION AND ALARM SYSTEM  
FIRE BRIGADE CONNECTIONS  
FIRE CONTROL PANELS**

BCA 1990 E1.7  
Spec E1.8  
BCA 96: EP2.1, EP2.2  
(Part E2. Spec E2.2a)  
Reference: AS 1670  
AS 1851.8

**PURPOSE:**

A fire detection and alarm system is installed to sense and provide warning of a fire in its initial development stage. Proper operation of this system will afford the building occupants the maximum amount of time available to seek safe refuge
